

# LEADERSHIP

**LEADERSHIP**  
Franklin County

## FRANKLIN COUNTY

### Community Program

If you're looking for a great opportunity to enhance your leadership skills, apply for the Leadership Franklin County Community program. LFC Community is a nine-month program from September to May which educates participants on leadership skills and the community while helping emerging leaders build their professional network.

### Why Leadership Franklin County?

If you're wondering how LFC Community could benefit you, ask yourself if the following align with your personal and professional goals:

- **Develop leadership skills** through education and experience, including team building, project planning, personality types and more.
- **Build genuine connections** with established leaders and fellow aspiring leaders to grow your network.
- **Make a difference** by learning how to use your leadership skills to support community initiatives that feed your passions.
- **Understand how our community operates** - from economic development to government - to help inform your leadership decisions.

If you live and work here, you owe it to yourself and your company to be a part of Franklin County as more than just a spectator. Learn how you can be an impactful leader by participating in LFC Community.

*"I've lived and worked in Franklin County for going on a decade, and I learned more about the area I call home in the 9 months I participated in this program than I did in the previous 9 years combined!"*

*- Rebecca Bowling,  
Kegerreis Outdoor Advertising*

### How To Apply

- Access the application online at [www.franklincountyworks.com/leadership](http://www.franklincountyworks.com/leadership).
- Or contact Robin Harmon at 717-264-7101 ext. 205 or [rharmon@chambersburg.org](mailto:rharmon@chambersburg.org)
- Applications are due June 30

Leadership Franklin County is a program of the Greater Chambersburg Chamber Foundation
